<p>I understand that I store my bike on the premises at no additional cost to me, but at my full risk and responsibility. I will furnish my own bike locking device and will promptly remove my bike upon vacating the building. I will not store any other personal property in the bike room and will be certain the door is secured after each use. I understand that all bikes unclaimed 30 days after moving out of the building will be donated to a charity.</p>
